## your chemicals and additives partner

Process Imports & Exports is a subsidiary of Process Enterprises with focus on international marketing and trade. In addition to the products manufactured at Process Enterprises, we deal in many more products to serve our clients' needs. We offer products such as **Soya Lecithin, Soya Protein, Sesame Seeds, Chickpeas, Flax Seeds (Linseed), Zinc Oxide, Calcium Carbonate, Essential Oils**, etc. These products are used in several industries including, but not limited to, Food Manufacturing, Pharmaceuticals, Cosmetics, Feed Processing, Paints, Rubber, Explosives, Ceramic Tiles, Soil Nutrition, etc.

Process Imports & Exports is led by young entrepreneurs who are business graduates from reputed university in Indore, and is backed by Process Enterprises' team of experienced Industrialist and Promoters. The management team of Process Enterprises has an average of 25 years of domestic and international industrial experience and a strong history of business, academic and technical accomplishments.

We are engaged in supplying Raw Materials for diverse industries like food manufacturing, pharmaceuticals, cosmetics, perfumes, healthcare, meat processing, feed processing, paints, printing inks, rubber chemicals, explosives, leather tanneries, aqua feed, cattle feed, poultry feed, tiles manufacturing, soil nutrition etc.

We work very closely with our clients, keeping in mind their requirements and preferences. Our motto at Process Imports & Exports is to provide best service and products to our clients at most competitive rates. We trust in establishing long lasting businesses relationships and also expand our presence through strategic alliances and partnerships across the globe.
